## **How Are You Influencing Those Around You?**

Every day, a distant moon exerts its subtle influence on this beautiful planet we call home. Heeding a call unheard by human ears, the tides come

and go in response to the siren voice of the constant moon. The visual influence of something distant and unseen, a powerful force flows with timeless certainty.

## **What's for Hot Lunch?**

- Thu: Hot Dogs
- Fri: Pizza
- Mon: Taquitos
- Tue: Chicken Nuggets
- Wed: Chicken Noodle Soup

What about your influence? Every day, you too, have the opportunity to influence lives and souls. Every day, you can choose to be a positive influence, to exert a determined and happy impact on the world around you. A simple smile, an unexpected word of encouragement, a conscious decision to show love even when challenged. These are the influences that can change lives.

There is a ripple effect to how we live our lives. The influence of our daily walk is both measurable, and immeasurable. Sometimes seen and heard, often no obvious sign that we had any effect, but the influence is there. Since much of who we are is derived from the influence of others, the fact that we can have a positive effect on others is undeniable. Celebrate each day as a new opportunity, be the influence in someone's life that brightens their day.
