Loyalty

I will...

- ◆ *Serve my family and teachers*
- ◆ *Encourage others in hard times*
- ◆ *Not mock authorities*
- ◆ *Point out the good in others*
- ◆ *Honor my country*

Greater love has no one than this, that someone lay down his life for his friends~ John 15:13

What's for Hot Lunch?

Thu: Bacon Mac N Chz

Fri: Camp Casserole

Mon: Grilled Chicken

Tue: Nachos

Wed: Pizza

SCIENCE CAMP

Boy did we have a great time at science camp! We spent 4 days at science camp with High Sierra Outdoor Institute up in Nevada City the first week of May. The weather was amazing and the camp was a beautiful reflection of Creation. Instead of me going on and on about how awesome Science Camp was...I thought it might be better to hear a few words from the students. My Favorite part was:

Wyatt: Archery, I have never done it before and I ended up being really good at it!

Taylor: It was a change from day to day life and I got to experience something new.

Makynna: When the snack shack was open and I could get my latte!

Abby: The trail to the bird watching station and learning about woodpeckers.

Jack: The water slide because you got to go down a lot.

Glory: The zip line because at first I was scared to climb the tree, but after that it was so much fun!

Jayna: Food and the zip line.

Tylar: Climbing the tree to get to the zip line and the water slide.

Chase: The great food, fun games, and great counselors. To me, the best part was the zip line.

Trinity: I loved the archery, 250 ft. water slide, 40ft. Zip line, and their food was delicious.

(Continued on page 2)

But those who hope in the Lord will renew their strength. They will soar on wings like eagles; They will run and not grow weary, they will walk and not be faint. -- Isaiah 40:31

Kylee: Zip line and worshipping.

Grace: The zip line and archery.

Bella: Going on the zip line and doing ornithology. The food was really good and the game Mission.

Lawrence: The climbing wall.

Dylan: The food and activities we did.

Carter: Breakfast!

Brody: The food and the water slide. I liked looking through the owl vomit too.

Karisa: Watching my mom do the zip line and being an animal in the skit.

Jack: The water slide because you got to go down a lot, rock climbing and zip line.

Wilhelmina: Hanging out with my friends.

As you can see, the students had different happy memories from camp. They learned about creation through hands on study, they learned how to use their senses to observed the world around them and how it was a picture of the Body of Christ and how we work together too. The final night of science camp we had an incredible time of worship and connecting to God in a meaningful way. What is my favorite thing about science camp. Well, truly, all of it. But if I had to choose it would be getting out of the confines of the classroom and being outside to experience science camp with my students and observing them grow and doing things they didn't think they could do. Awesome.

~ Mrs. Cindy Hammonds

Field Day 2019!

Family Invited

Friday, May 24th

**Pizza Party celebrating Team Work from 9am-noon
Contact office if you would like to help run groups.**

OCS TRACK TEAM

Meet: 5-8th: 5/16
