## Getting Enough Rest

September 6, 2017

I recently asked one of our First graders on a Monday morning how they were doing as they arrived at school. He responded "Miss Ward, I'm really tired. I partied too much last night." I cracked up at the thought of a First Grader partying.

As I thought about his statement, it was a good reminder. Sunday nights are school nights. Staying up late will affect your child and their capacity to learn. For myself, I consider Friday and Saturday nights as my up late nights (that is if I can stay awake). □

Please take this into consideration. We can better instruct your child when they are rested. When they arrive to school and immediately lay their head on the desk, we know we have a problem. As a teacher, it is hard to make them sit up and pay attention when they are over tired. Please help us out by keeping a reasonable bedtime on school nights.

## Quips and Quotes on Sleep

"The trouble with alarm clocks is that they always go off when you're asleep!"

"It's hard to raise a family – especially in the mornings!"

"It's a time machine! You get in it tonight and when you wake up, it's tomorrow!"

A Prayer to help us stay connected...

SEE YOU AT THE POLE

WE CRY OUT

WEDNESDAY SEPTEMBER 27, 2017

For the last 25 years, See You at the Pole has been about one simple act—prayer. SYATP is still about students uniting themselves in prayer before God interceding for their generation.

*Psalm 24:3-6 - Who shall ascend the hill of the Lord? And who shall stand in his holy place? He who has clean hands and a pure heart, who does not lift up his soul to what is false and does not swear deceitfully. He will receive blessing from the Lord and righteousness from the God of his salvation. Such is the generation of those who seek him, who seek the face of the God of Jacob.*
