A Message from the Principal

Third Trimester Grades

I wish to address the grading process for the third trimester. OCS realizes that we are in an unusual situation with the Coronavirus. We have made every attempt to continue to provide a quality education for your children through distance learning. We know the burden of following through with your child's education has fallen on you and we greatly appreciate everything you are doing on your end to assist your child's completion of this school year's education.

Our main goal as a staff is to provide educational opportunities so that your child can succeed. It has been decided that our students will receive their grades based on whatever grade they had as of Friday, March 13th. The teacher may raise the grade based on what has been turned in during distance learning, but may not drop the grade. I hope this news provides you with some encouragement and hope. We realize you can only do what you can do! Whatever you can accomplish will make your child's transition back to school this August that much easier.
We love, support and appreciate you!

Miss Ward

But those who hope in the Lord will renew their strength. They will soar on wings like eagles; They will run and not grow weary, they will walk and not be faint. -- Isaiah 40:31
